### ***Dear Students***

ARC, a pioneer in Education for Sustainable Development (ESD), is a social impact organization with a mission to make education meaningful and transformative. ARC publishes a newsletter on the SDGs: 'Be the Change: Young Voices for a Sustainable Future'. This newsletter is a mouthpiece for K12 students' thoughts and ideas for a sustainable future.

We are thrilled to announce an exciting collaboration between Little Flowers Public Sr. Sec. School Delhi, Private International English School Abu Dhabi, and ARC! Together, we're joining forces to create a newsletter focusing on the crucial topic of gender equality.

Gender equality is not just a buzzword; it's a fundamental principle that ensures fairness and justice for all individuals, regardless of their gender. Through this newsletter, we aim to shed light on various aspects of gender equality, spark meaningful conversations, and inspire positive change within our communities.

We invite you to contribute your ideas, insights, and creativity to make this newsletter truly impactful. Whether you're passionate about writing articles, crafting crossword puzzles, sharing jokes, or expressing your thoughts through artwork, there's a place for you in this collaborative effort.
