CAREER COUNSELLING – IX TO XII

‘Transforming Schools through Career Counselling’ Virtual Workshops Parents, and Students (August 2024)

Dear Parents/Students,

The primary aim of NEP 2020 is to develop a vibrant and transformative school education sector that ensures the development of the unique potential of each learner and provides a safe and stimulating learning environment to all students and teachers.

It is imperative for the students to understand their learning strengths and weaknesses; have realistic goals commensurate with their capabilities. Guidance and Counselling serves the basic needs of each individual as a unique entity as there are perceptible differences between the individuals in native capacities, abilities and interests. Equally significant are the changes within the individual during the course of time with maturity and exposure. Besides, Guidance also enhances positive attributes of an individual which help to build a positive self-image.

“To bring scale, speed and standard to the career guidance process, **Riarpro** has dovetailed these objective to develop a holistic integrated vision for career guidance and counselling for building knowledge and skills of students and to make them ‘Future Ready’.
