

About Rocksport Experiential Holiday

Rocksport Experiential Programs are experiential learning holidays for 9-17-year olds. Campuses for these programs are located near popular tourist destinations and are nestled in the lap of nature, providing a superior alternative over traditional holidays. During the course of the program, students perform adventure activities, explore the local towns, converse with the communities and learn new skills. The programs also offer a unique experience of being one with nature as students learn about flora and fauna and appreciate the calmness and beauty of nature. By working together, they learn the importance of teamwork; identify their strengths, challenge their fears & become confident and responsible individuals.

Dear Parents,

You will be happy to know that our school is organizing the **Rocksport Experiential Holiday** for class **VII, VIII & IX** from **13th Oct to 15th Oct 2024** at **Rocksport, Corbett**.

Rocksport Experiential Holiday is an experiential learning holiday for school students. As nature keeps us grounded, Obstacles make us perseverant, Adventure makes us tough, at **Rocksport Programs**, these three forces combine to unleash the X factor in children and give them a power packed experience that pushes them to challenge themselves, enhance their confidence and acquire new skills.

Each day at camp is customized to bring out different aspects of a child's personality and hone them. Children at camp explore nature, visit villages to get a taste of rural lifestyle and live independently, becoming self-reliant. They work in groups and become more accountable and compassionate. Through the days they spend at camp, they transform to become all-rounded personalities, on their way to achieve success.

Rocksport, Corbett – Skills of living in the wild
Learn to live in forests, use water to transport yourself, track animals by their pugmarks and see them in their natural habitat.

The Adventure Begins with the journey itself. The last 5 km drive to the camp is through the sirenic forest crossing a river bed to reach the camp. They explore this jungle camp through nature walks. They track tigers at first light, discover pugmarks and watch elephants, dears, rhesus monkeys and exotic birds after a hard-day of jungle expedition, they lounge in the hammocks and retire to the enchanting experience of the night.

Rocksport Corbett
