TREE PLANTATION – NUR. TO XII (2024-25)

Dear Students

As we know, our mothers play a vital role in our lives, nurturing us with their affection and protection. Similarly, Mother Earth sustains and fulfills our needs, providing for us in countless ways.

To express our gratitude to Mother Earth, let's come together and plant a tree. Capture this beautiful moment with a selfie and share it using the Google Form provided below. You can also tag us on our school's Instagram and Facebook handles at @lfpsdelhi.

Let's contribute to a greener future and celebrate the bond we share with our planet.
